CRITERIA CATALOG

Based on frameworks:
ISO 14001, ISO 26000, EMAS, 17 SDGs

OUR EVALUATION SYSTEM

After the audit is completed, the hotel's sustainability performance is clearly and transparently prepared. The results are presented both as an overall score and separately for each core area, providing detailed insight into strengths and areas for improvement.

The evaluation is based on the conformity level, which indicates how thoroughly the respective requirements have been met. This level ranges from a minimum conformity of 50% to a full conformity of 100%.
